For the attention

21 January 2010

Dear

## **New Gymnastic Facility.**

AcroNova Gymnastics Club is becoming a successful and vibrant club with in the North West Region boasting 155 Members with over 450 children a week using this facility and having a waiting list well in excess of a 60 Children. The club since opening has an enviable record gaining Gymmark/ Clubmark in its first year. The club provides activities at all levels of the performance continuum from grass roots participation through to national representation.

Although the club operates from a dedicated facility they have significantly expanded beyond the capacity of the current facility. In order to continue with their planned development programmes a new facility is now really vital.

Gymnastics as a sport is ideally placed to meet much of the Government's agenda. The discipline, social skills and health benefits gained by participation in gymnastics are life long and make a significant contribution to communities across Great Britain.

Gymnastics England is fully supportive of the plans for the development in the Wirral area of AcroNova Gymnastics Club, which would permit further links to develop between the club and the surrounding partners i.e. County Sports Partnership, Local Authorities, Disability Groups and Schools.

If there is anything that Gymnastics England can do in support of this project please do not hesitate to contact me.

Yours sincerely

Mike Lockett  
English Gymnastics  
Regional Development Officer North West.
