

Hi Jim, sorry for the delay in replying, things are so busy!!

I haven't had a chance but I just wanted to say the following regarding the club

I think the ethos of the club and your inclusive approach to support and enablement are a credit to yourself and your Organisation.

It was a pleasure to come and talk with you all about autism earlier in the year and it was apparent that all the people involved in the club have a positive and empowering attitude towards all young people irrespective of any difficulties or disabilities.

I wish you well in your continued development and look forward to continue working with you in the future.

Best wishes

Steve
