Dear Sir,

**ACRONOVAGYMNASTICS CLUB – BID FOR NEW PREMISES**

I write in support of AcroNova Gymnastics Club's bid for new premises.

The Club makes an extremely valuable contribution to the community. It is a truly inclusive club that offers up its expertise and current facilities to a variety of client groups including youngsters with behavioural issues and others with disabilities.

A large number of the club coaches have received training in order to better support its disabled gymnasts.

This is all in addition to its main coaching provision in which the club has attained a high level of success.

The Club has achieved GymMark, the quality standard set by British Gymnastics and Sport England. GymMark accreditation involves satisfying the awarding bodies as to the efficiency and quality of Club Administration, Duty of Care/Child Protection, Sports Equity & Ethics, in addition to the coaching, competitive and development programmes.

AcroNova Gymnastics Club is regularly represented at the Wirral Sports Forum and is a forward thinking club. The Club's success means that it has outgrown its current venue and desperately needs new accommodation where it can serve more community members to greater effect.

Yours sincerely,

Melinda James  
**Club Development Officer**
